

What our clients say:

"Life Link has given me peace of mind knowing that I am never alone. I have been able to enjoy my flower and vegetable gardening again knowing that should I fall, help would arrive very soon. The sense of security I feel when I am in the shower or outside tending to my plants is refreshing and satisfying."
Betty, Sheridan

"Three weeks after signing up with Life Link, I fell in the middle of the night and help was there within minutes. Life Link is a great comfort to me and my entire family."
Susan, Sheridan

"With no family in Sheridan, Life Link gives me the confidence and independence to live alone by giving me immediate contact with my responders."
John, Sheridan

Help is one call away.
Keeping you safe at home.

How it works:

For in-home models, landline or wireless

1. A small button is worn around the neck or wrist.
2. Pushing the button activates a call to our response center, and the monitor becomes a speaker phone.
3. The operator will talk to you through the unit speaker phone and they will call a **Responder**.
4. A **Responder** can be a neighbor, family member or a friend.
5. When the **Responder** arrives, they press the "Help" button on the monitor to let the Lifeline operator know help has arrived.
6. If no **Responders** are available, the response center will call emergency services to your home.
7. This works even if there is a power outage.

Who & How We Serve:

- When seniors have a medical emergency or a fall
- For people with chronic conditions
- For active seniors
- Keeping your loved one at home for as long as possible
- Peace of mind for yourself and family members
- Immediate access to help when you can't reach the phone
- Reducing stress for caregivers

The right device for you.

Two new devices released in 2024

On the Go MyConnect + Auto Alert

This proven medical alert service with AutoAlert, can automatically call for help when you push the button or if it detects a fall.

On the Go Mini + Auto Alert

It's the medical alert system that gives you the freedom to go where you want, when you want.

Home Safe + Auto Alert

This proven medical alert service with AutoAlert used with in-home monitors can call for help if a fall is detected.

Medication Dispenser

- Depending on the number of doses per day (up to 6), the unit can dispense medicine for 10-30 days
- Audible alerts and flashing lights remind you when it's time to take your medication
- Caregivers are notified about missed doses and when it's time to refill

OUR PRODUCTS

As a leader and the largest medical alert service provider, Lifeline & Connect America have developed a medical alert solution to meet every individual need. Now, whether at home or on the go, the right support will always be there. **Combined with our local service right here in Sheridan, we will find the right device for you.**
